THE CHAMPIONS TO *Children*

Founded in 1915 and headquartered in Indianapolis, Indiana, USA, Kiwanis International is a thriving organization of service- and community-minded men and women who support children and young adults worldwide. More than 8,000 Kiwanis clubs in more than 70 countries make their mark by responding to the needs of their communities and pooling their resources to address worldwide issues. Through these efforts, Kiwanis International is truly "Serving the Children of the World."

Worldwide, the entire Kiwanis family of over 300,000 members is committed to eliminating the devastating effects of iodine deficiency disorders, (IDD), the world's leading preventable cause of mental retardation. More than 1.5 billion people are at risk of IDD. Through Kiwanis' efforts, many parents who have been affected by IDD are able to watch their children reach their full potential. The IDD program will benefit future generations
